SAE Institute expects students to submit assessable materials by the stated due date and in the correct format for all assignments listed in course outlines.</p> <p><b>6.1 Assignment information</b></p> <p>All assessment submission information including deliverables, assets and process will be clearly stated in Course Outlines and in the Learning Management System, and will be explained by Course Coordinators at the commencement of a course.</p>

	<p>Kaiako/Lecturers and Student Support staff will underscore the assessment requirements at project milestones to ensure students are tracking well toward deadlines for summative assessments. Students considered to be at risk of missing an assignment deadline will be directed to Student Support staff for additional assistance.</p> <p><b>6.2 Electronic submission</b> Whenever appropriate electronic submission will take place in a class context with academic and Student Support staff overseeing the uploading of student work. The Institute takes responsibility for ensuring the functionality of all electronic infrastructure for uploading and retrieval of student work. Technical errors in the Institute’s IT infrastructure will not affect student grades unless the student is responsible for the error.</p> <p><b>6.3 Consequences of missing a submission deadline</b> If a student does not meet a submission deadline the penalties described in the Student Assessment Policy shall apply. Student Support staff will be engaged to assist in the development of a plan for the late submission of work as described in the Assignment Submission Procedure.</p> <p>Whenever practicable assignment submission is undertaken on campus under the supervision of staff. Absent students will be contacted by academic staff and/or Student Support staff to ensure they are aware of the submission deadline. Students who miss a deadline are contacted by academic staff and/or Student Support staff to ascertain the circumstances and to ensure students are aware of late submission protocols and late penalties as described in the Student Assessment Policy. Without a valid excuse or an approved extension, an assignment submitted up to two weeks late is eligible for a maximum grade of Pass.</p> <p>Timely submission of assignments is a key factor of student engagement. Ongoing problems with assignment submission are cause for a student to be deemed ‘At Risk’ and may require the intervention of Student Support staff and Academic and Operational Managers.</p>
